

Meeting of February 25, 2003.

Call to order

Approval of agenda. Agenda approved by Jack.

Previous minutes from Jan 28, 2003. Previous minutes were read. No additions or corrections. Approval of previous minutes by Cassie, KG6LEH.

Treasurer's report – Jack

\$325.07 in regular account

Equipment account has \$938.17

Membership is up to 15.

Committee Reports

Repeaters – Nothing new to report

Antennas - Nothing new to report

Plan to put a ham antenna at the CDF station. May wait a little bit to do this.

Event Communications

Jerry and Jack have a class scheduled to start on May 5.

Two classes a week on Monday and Wednesday. They will send publicity to newspapers.

Ham convention will be at Ferndale on June 20 (Fri.) at Ferndale Fairgrounds

Open on Sat. the 21st and Sun. morning the 22nd. More planning meetings coming up.

One next month on March 23rd.

Question about the ham class. Is it for new hams, or can one upgrade? The upgrade tests can be given. Technician question pool changes on July 1st, so they want to get the test given before then.

101 Bikers Run will be held June 6 and 7. SHARC's help was offered for this event.

Event organizer will get back to us if our help is needed.

Emergency Planning

Health and safety faire entitled "Save the Day" will be held May 17 at old school district office (old Osprey Learning center). SHARC is invited to have a booth or an activity.

There will be quite a few agencies participating, a helicopter coming in, etc. They want to encourage children to get involved. Anyone have any suggestions?

KG6LEH – maybe have a couple radios tuned to simplex so kids could explore that.

Steve – Is there a SHARC poster or display available that would show how the net works? Jack has frequency spectrum charts etc. Jerry – pictures from the books could be blown up to show this.

Newsletter – Sally want to take it over? Yes. Kim and Sally will make arrangements.
